SCX® presents the **SCX® the digital system F-1 Pit Box Circuit**, the new set that lets you discover all the excitement of a F-1 Grand Prix by making you the star. You can enjoy authentic World Championship races, overtaking your opponents and competing with up to six cars at once, all of which can drive in a single lane.

With the Pit Box you can make pit stops, monitor your fuel consumption, set how hard you brake and get constant race updates, just like on real F-1 circuits.

Enjoy the **SCX® the digital system Pit Box Circuit** right from the start by racing three cars from the top teams in the F-1 World Championship in recent years: Ferrari, McLaren and Renault.

The circuit comes with the **Ferrari F2008**, the **Vodafone McLaren Mercedes MP4-23** and the **ING Renault F1** driven by the Spaniard Fernando Alonso. Three fiercely competitive cars for a race where your choice of strategy will be essential to take you right to the top.

This new circuit from **SCX® the digital system** consists of a fast route which includes two long straights with several bends, featuring three lane changes where you can overtake your opponents to win. Get ready for plenty of overtaking – and never take your eye off the fuel gauge.

Everything counts in a real F-1 World Championship race and this is just what you will experience with the **SCX® the digital system Pit Box F-1 Circuit**.
